***Tuition Refund Policy***

Refunds may be granted to students in accordance with the refund schedule on file with the Business Office.

Notification of withdrawal or cancellation should be addressed to the Registrar's Office and must be in writing. Refunds are processed out of the Business Office. An appeals process is available for students who believe that their circumstances warrant exceptions to the published policy.

*The following refund schedule is established starting from the day on which classes begin for the term:*

**Percent Refund**

For Complete or Partial Withdrawal Before the Close of the 5<sup>th</sup> Calendar Day After Classes Begin

100%

Before the Close of the 12<sup>th</sup> Calendar Day After Classes Begin 75%

Before the Close of the 19<sup>th</sup> Calendar Day After Classes Begin 50%

Before the Close of the 26<sup>th</sup> Calendar Day After Classes Begin 25%

The refund for course load reduction applies to all students reducing credit hours except for those credit hours with an institution's tuition plateau. A fee refund for course load reduction beyond the control of the student will apply to all students regardless of the number of credits carried. The refund schedules for courses of duration shorter than eight weeks shall be determined by the institution business manager at a rate proportionate to the academic term schedule.

Summer session refund policies for course load reduction or withdrawal are separately developed and adopted under institution fees and charges procedures.

Any student with orders to report for active military duty may withdraw at any time during the term and receive a full refund. If sufficient course work has been accomplished and the instructor feels justified in granting credit for the course work completed, credit may be granted and withdrawal proceedings are unnecessary.
