2. Academic Affairs Council meeting topic: International Education & Development

Three questions posed:

- a) *From your perspective, where is WOU successful – or failing—to effectively serve or support, international students?*
- b) *What do you need from members of this group or from other offices on campus?*
- c) *If WOU were to decide to focus on increased recruitment for international students, what would be needed to support the resulting increased enrollment?*

If you have responses individually or through division discussions to these questions, please send them to me. I will compile responses and bring them to the next AAC meeting.

3. Executive Committee Curriculum Approvals
