

Faculty Senate President's Report April 14, 2020

1. **WebEx etiquette (WebExtiquette):**

I'll be brief. If you are super interested in the security of WebEx, see

2. **Faculty Senate Executive Committee Statement on committing meetings for Spring term 2020:**

Due to unprecedented circumstances, for the remainder of spring and summer terms, 2020, all Faculty Senate committees are hereby authorized by the Faculty Senate Executive Committee to conduct business outside of their official meeting days/times. These meetings can be via email, phone, video conference, or other. Remember to include a record of discussion, motions, and votes, to be available if requested.

3. **Where to find information about S*/NC grading:**

4. **“Easy Button” for sharing cool things faculty do:**

We have a new button from the Faculty Senate webpage (lower left) called “Share Your News”! This button connects to a form to enter your name, your news, your email, and names of any students involved.

This button sends this information to the Faculty Senate President, LAS Newsletter contact, and MarCom as a way to share the great things faculty do more widely. You may enter info at any time, however I will especially ask folks to use this when submitting items to share with the WOU Board of Trustees.
