- Hands-on practice in simulated environments
- Immediate, individualized feedback
- 24/7 online access
- Saves as you go, can be completed in multiple sessions

## WHY WE NEED THIS TRAINING

- Understand common challenges facing student veterans transitioning to campus life
- Manage classroom discussions around sensitive issues to veterans
- Recognize and approach student veterans struggling to adjust to college life to discuss concern
- Inform and connect students struggling to adjust with on- and off-campus support services

More than 1000 suicides occur on college campuses each year. Veterans and LGBTQ are at the highest risk.
