Reports from WUC (Chelsea Blatner)

- ADA upgrades in areas Summit and outside Allegro. (tables)
- Gate being installed in the Pacific room in front of the AV tech booth to better protect equipment. Waiting to get lock installed.
- New staff member Ben joined in Student Engagement.
- Little Samurai's. Low sales with less people in the WUC.

Reports from Wolfstore (Marci Miller)

- Sales are even. No increase from last year. WUC does not have high traffic counts.
- Spring sidewalk sale did good.
- Graduation fair in Spring Term!
- Folks love the window displays and Squishmallows.

Reports from Campus Dining (Jane Cameron and Amanda Owren)

- Catering. A few more orders which has been exciting.
- Allegro. Seasonal drinks flavors have not been readily available.
 - Diversifying snacks in Allegro.
 - Sales are consistent.
- Holding things down with Albert leaving.

Old Business

- IFC preliminary decision part two is tonight. Right now current service levels were approved.

New Business

- Willamette policy. Reviewed suggestions made to Chelsea. Committee really like it being amended for all events that are open to all students, advertised on Presence and one off meetings (nothing recurring). Like Focus group, Town hall, etc.
 - Will vote in Spring Term on the modification and enact in Fall.
 - That way there is time to talk with others.
- At our meeting in Winter Term, we will discuss Vice Chair nomination and election (must be a student).

In April I will send out a when is good to determine the Spring term meeting date and time.

- Suggestion made to have 2 meetings each term that way Vice chair election can happen and maybe they can facilitate one.
- Expand reports from just 3 to all areas within the WUC. That way everyone can get a sense of what is going on.
- Suggestion to set up a meeting with the Triad of services (WUC, Library, SCC occupants) to meet, plan, and how to best support each other and students.
